I am writing this letter in support of **Mr. ADITYA CHANSHYAM NIKHADE**, who has been an intern with the Jet Aerospace Aviation Research Centre from 11/08/2022 to 09/09/2022. During this period of time, he was found to be enthusiastic, reliable and creative.

He has an inquisitive mind and good interpretation abilities that will greatly facilitate research work at your University. An intelligent and hardworking student and he have a natural inclination for research. This inclination stems from his curious bent of mind and a nature of questioning.

He has completed the Research Project given by the institute with the highest level of precision. Also he has sound knowledge in Unmanned Aerial Vehicles. As he has already been an active part of a technical team in the relevant field in his university over a year, his technical skills are on point and faultless. He has successfully completed his industrial training on Unmanned Aerial Vehicles.

He is persistent in his efforts to keep up his knowledge with the latest technologies and is an industrious student with pleasant personality.

In my unbiased opinion, Mr. Aditya Ghanshyam Nikhade has a rich blend of creativity and discipline required for a person desiring the best career in Masters. Therefore, I strongly recommend him for Master's program in your esteemed University.

Best Regards,
