

Tulsiramji Gaikwad-Patil College of Engineering and Technology

Wardha Road, Nagpur-441 108

NAAC Accredited (A+ Grade)

Second Year (Semester-III) B.Tech. Aeronautical Engineering

BAE2306:METEOROLOGY AND MEASUREMENT

BAE2306	COURSE OUTCOMES
CO1	Illustrate the basics concepts of measurements by understanding various meteorological instruments.
CO2	Summarize the principles of linear and angular measurement tools used for industrial applications.
CO3	Elucidate the procedure for conducting computer aided inspection.
CO4	Exhibit the different techniques of form measurement used for industrial components.
CO5	Illustrate working and operating principles of various aircraft instruments.
